

Chambersburg Country Club Announces Radical New Membership Programs

The Chambersburg Country Club is instituting a completely new and innovative membership program. The program, which is designed to fit into the modern golf and family lifestyle, will allow members to join for as little as \$50 annually.

Scotland, PA January 20, 2010 -- Chambersburg Country Club is making it easier than ever to become a member of one of Franklin county's premier private clubs. Gone are the days of exorbitant initial fees, food and beverage minimums and binding assessments.

Beginning March 1st, 2010 the club will introduce an entirely new dues structure for its membership. Dues classes have been created for juniors (under 30) seniors (over 75), individuals and family golfers. Each of these classes carries with them a new annual fee that allows full access to golf, dining, swimming and tennis at the Club. These classes are without traditional food and beverage minimum spending amounts, capital fees or binding assessments.

Maybe the most aggressive program is the new A La Carte Membership. This membership class is designed to fit into the modern lifestyle. An A La Carte Member will pay an annual fee of \$50 which allows them access to the club's new online reservation system where they can book tee times, golf lessons and dinner reservations. Once approved, the A La Carte Member will "pay as they go" for selected services at the Club. Golf, Swimming, Tennis and Dining Room access are available within this new category.

"Times are changing in the golf world and the Franklin County area. We as a club need to be proactive to stay relevant in the local golf community. This program allows the Club to be competitive with any area golf course," comments newly elected Club President Page Etchison.

For additional information on the new programs at the Chambersburg Country Club please contact Richard Chase (General Manager) or Jameson Wallace (Golf Professional) at (717) 263-8296 or visit www.chambersburgcountryclub.org.
